

Finding Missing Angles

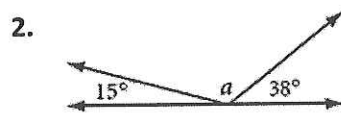

For the following problems find the measure of all the missing angles

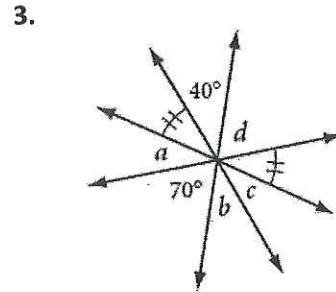

a = _____

b = _____

c = _____

a = _____

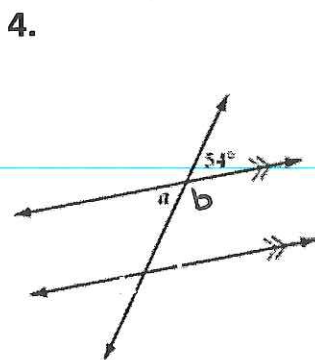

a = _____

b = _____

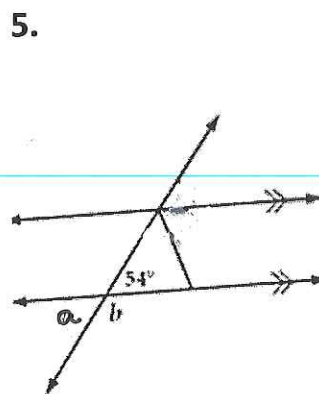

c = _____

d = _____

a = _____

b = _____

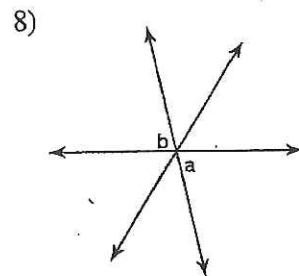

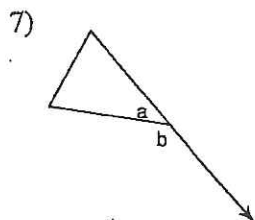

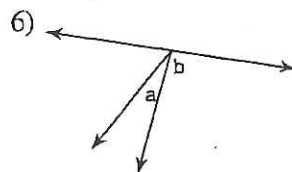

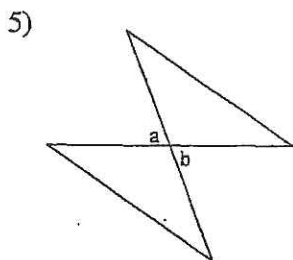

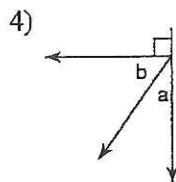

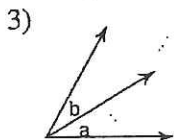

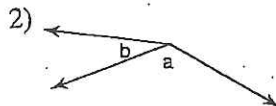

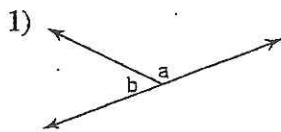

a = _____

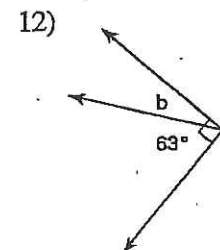

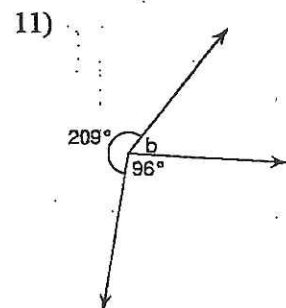

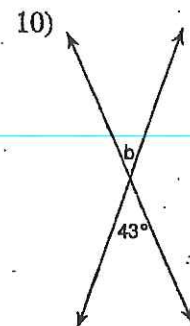

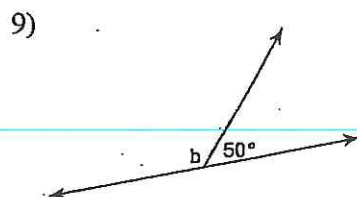

b = _____

Angle Pair Relationships

Name the relationship: complementary, linear pair, vertical, or adjacent.

Find the measure of angle b.

Name: _____

Date: _____

Geometry Angle Relationships Worksheet

Name the angle relationship shown in each figure: complementary, supplementary, vertical, or adjacent.
